S.F. Monday Morning.

Dearest Rufus,

Here we are in old S.F. waiting for Jack, Glasscock at the Univ. of Cal. club. Jack has put me up at the Chi Rhi House in Berkeley and you may send me a million letters there before Saturday.

Just had a very satisfactory talk with J.B. Suker, and I believe I impressed him with my insistence after S.W. Co. I am to see him again before the week is out and he promises to have some ideas for me then. Maybe I can interest him in a job in D. rises. Quiet Sabé???

You are a wonder for the way you acted last night sweetheart! I wouldn't have missed that last kiss for all the jobs in Boston. I can realize that now. Tom R.

had to have his little ~~one~~ smile at
some moisture in my own eyes - so that
were all here now and to the fact.
This is a note but I know you have
an answer.

So long Rufus - be good.
Yours
Tommy.
