Sweetie Rusie;

you're going to skip a day
but not because I did. - Just
'cause I skipped a few hours!

Two more wonder days
gone and just because I am
pretty tired I'm going to call
it a day right now and beat
it "home". It's only 8 o'clock too.

Saw art Smith fly yesterday
and today. Of all the crazy
things he does up in the air.
Loop-the-loops are the best
and that's the worst I know
the name of. ('cept wienie-wurst)

Plank steak for (?) at

Saw Heidelberg last night. who were the (2)
oh!! --- just MR. Metcalf and I
so there jealousy!!!! Same old place - no
worse, perhaps not much better, but I sure
enjoyed it. The Orpheum followed and
really it was a good bill. Enjoyed it very
much indeed. Home at 12:30 up at 7. ~~Shate~~
^{has been} the program both nights now and I didn't
sleep on the train very much. You can stay
up till 10 o'clock some night for all these
transgressions of mine. Agreed??

Saw Marie means Saveago and Bab
this aft. Marie looks very, very good.
Wedded Bliss agrees with her. I think
it would with you too. She's very much
interested in our alliance. (So'm I). Funny
thing - Haseman confessed to three today
in a spurt of confidence. (This is confidence
too, remember that honey kid) He asked some,
some asked him. he turned some down,
some turned him down.
It's a pretty story.

Now comes Haseman
to break the spell. Says
I have to hurry - he's too
tired. "So am I Doctor,
but not for this job."
alas !!! No sentiment here +

Here's a hope, (sweetheart!)
that you'll have just such
a wonderful time as I
am when you come down,
and here's hoping that you
think of me as often as I do
of you.

So long — a million
kisses. A letter in
Berkeley from you — Hurrah!!
me for home. — It will
be the first one too. —

Love from
Haseman.
and it's a
little

Soul galore
