Love Please only in night.

Dearest Sunday,

Here I am again only the way
I kinda that I'd hear from

you today but missed my guess. I think
of having a more box and nothing in
it. I sent for the Boyette and the
Sagamin just to break even on the
deal.

But located just a few moments
ago at the Montana Club. The Club is

made up of some fifteen fellows who
get together to overcome the high

cost of living in Bangkok. They are all
college men with a fair amount of

responsibility, and all good fellows. I am
being miserably congratulated on being

checked.
I spent most of today at the school
keeping to get organized and seeing what I
could see. I will like it all O.K. if the
Bible don't try to ride me too much.

I am expected to be the moving spirit in all student affairs and activities, and managed to get a little line on basketball today. Can't tell yet whether we will try football or not. If we do, Conover at the Club is an all American man of a few years back and he promises to help. There !! x - ? x!

Haven't had much chance to be lonesome yet, but sure would like to spend the next two hours at our Summer home near Lake "R.P. L.W." (get it?) Ah well Christmas is coming.

Sharty is much disturbed about the fate of his love Isabelle. He's afraid she'll go tri-delt, despite his threats and pleadings. I saw all accounts here she is very desirable - has a good record at school and is well liked by all.

So long, dearest, for tonight - I must now move my belongings. Here is a real old couch kiss - the kind that made you all mine.
Your lover Tom x x x x x
