Friday eve. 11.30.

my Love.

Last night I didn't write, and sure I'm sorry too, but yesterday I got no letter except a Gazette. So there were even up to the first week. Been doing a lot of chasing the last few nights. Last night I went to the James' for dinner and took Shanty and his mother to the show afterwards. Tonight I took the Bennetts to the show. merely evening up scores. and Oh!! I forgot to tell you last Sunday, and I must now - that Ruth Bennett asked me if I thought you would like to come to Sonapah at Thanksgiving time. 'cause, you know, we don't get a vacation. I say - say I - I'll tell her to come - just like that, and then I never said. I command you now to show up in this place for Thanksgiving holidays, and Ruth will write a formal proper, invitation. Wouldn't it all be fine. See!!

I hope you can obey my command.
If you don't I want speak to you
till Christmas time - ^{stick}.

Shorty gets his love notes a
day ahead of mine. Today we learned
that Isabelle had told Ruth that
if she joined a sorority it would
be Δ P, and that when she told
Ruth, she ^(Ruth again) kissed her and seemed
so glad, and that Ruth is the
sweetest girl I ever knew, and
an ideal college girl, and that
we went to Mrs. Hawkins, and
the Pi Phi pins are beautiful -
and that - Ah - Hush!! Hush!!

I'm glad tho' to hear from you
that Δ P got the three Elko girls
that you lost a few pounds over.

Do "Some of the girls" still think
that Δ P has a bum head? Sucky
you could get anything you wanted
if you kiss 'em and act glad, like
Isabelle said you did. That's what
got my goat, and Sals & Willard's,
& Kearns, & Augusts, & also two
Jacks & I'm tired -

So you and Willie
have ~~laughed~~
already, you have my permission
to heat him up. So to it.

Say will some kind person
please tell me who is pledged
P.O., who Sigma alpha, Sigma
mu, $\Phi \Delta T$, $\Delta \Delta \Delta$, ΘE ,
 $\Pi \beta \phi$, $\phi K \phi$, $\Sigma \kappa$, $\phi \beta K$,
Alfalpa Delt, and Eta Beta Pi.
Tell me sometime eh.

Since Tomorrow is Saturday -
I have nothing to do till Monday
I will however do some work on
our football field. I'm starting
a cane row. The classes have
never organized here, there is a
president of student body, and that
is all. We're trying to straighten
things out a bit. Same job too.

Soe night - Swealsins love.

Here is a world of love all to
you, and kisses by the score -
my sweetheart.
