Honey Kid Rufas.

Oh my!! Oh my!! - terrible - oh - oh - h-h. OH!  
Poor, Poor. Suealy didn't get a letter on Sunday, nor  
on Monday - and poor Suealy was all riled up and  
excited and then on Tuesday she got two, and then  
she was awful sorry for the awful things she had  
thot - so sorry that she's never gonna notice that  
she won't get one on ~~Monday~~ <sup>wednesday</sup> - now see if she does.

(Oh yes well see - Oh my - oh my woe is me!!  
Who's "hich"? I?? no..no. It's as well as  
I ever was! you see I refuse to be sick very long.  
why Sunday night I just sang so be-utiful and  
no one that I had a cold a tall ant I did.

Mr. Unsworth - has gone. The fellows liked  
him fine, in fact so well that they ~~&~~ voted  
to refuse payment for his board. I was glad for  
that. I like to have my guests appreciated.  
wonder if you would be received so well?  
I got a bunch that Tom's girl could get what  
she wanted.

Just rang the bell for classes to change.  
Don't let me forget that I have a favor to ask  
after I give an algebra and a dated arithmetic lesson.)

Well here it is 4 o'clock and all is well  
till 7.30 this eve. But while I pass let me  
whisper that Commercial arithmetic is the worse  
thing old man mathematics ever created.

Now that little matter that I was to  
speak about is this. I heart man James wishes  
to buy for the Xmas present of a little boy  
person belonging to him a 11.30 ring. I  
promised that I would get the dope from you  
being as how you manage such items. He  
understands that ~~you~~ Isabelle cannot wear it  
till next year some time.

Say those things are sure sucking the  
season on babies aren't they. Wadyu mean  
pledging all ready. You ought to insist of an  
open season for chickens just like we have  
for "dears" and ducks.

Gonna eat this little short because  
you wrote such a curt one today all prettied  
up with @'s. Goodbye honey-suckle, and  
here's a "lovin' lovin' kiss to last till  
I get a chance to send a other.  
Love yours for peeps & heaps.
