Monday night.

My Sweetheart.

Tell me this, - ① How far is it from

the Pyle ranch to a Post Office? ② Does it take much more than three days to walk it? Oh nothing! only three big, whole, long, gaded days have passed since a word from you. That's too long during these trying times. Yes please drop a line.

Got in touch with my man today and find he wants me to sell life insurance for the Equitable Life. Hadn't thought of that before, but now it appeals to me strongly. I may talk with the N.Y. Life people about it, because having an understanding of their policies, and understanding them I might put up a better talk. Bob's success is an encouragement, too. I'd never want to go into it as a profession, because the thing doesn't quite appeal to me, but as a sideline and a recreation

at the office every thing is regular.
digging away as hard as ever, and the
hope star still rises. one of the fellows
who left shortly after I came, to go to
Pensacola, Fla. dropped into the office
today. He's back to be married - then to
work again. He has some money behind
him, but with all that, if he can do
it, why not I?
an ocean of love

Good night, Sweetie, an ocean of love
to you, and with it a sea of kisses -
