Thurs. night.

Sweetheart.

Here's the good night letter on
an empty letter box. Guess it's a long
walk to the P.O. there. Don't you care
one like I got yesterday can be read
several times. Got one from mother, and
another from Eva today. That helps some.
They both told how much they miss Ruth,
too. Gosh there are lots of folks missing
Ruth, but most of all - Dommie.

Don't know how many more letters
to write to Polaris, but for want of
instructions I'm still doing it. I think
tomorrow I'll send it to Reno. Surely you'll
be going home by then.

Goodnight, my love, and I'm sending all
kinds of love to you - real burning love
with kisses and hugs a million. What
pleasure it would be to deliver them in
person!!! Uh - m - m - m !!! x!
