

Miss Ruth Pyle,
629 Lake St.,
Reno,
Nevada.

Friday night

Honey Love -

Here's a wee bit scratch before I
gang awa to the Brimidge party.
Ugh - But say tomorrow is ~~Sund~~ Satur-
day and if I don't get a letter then
I can't get one till Monday, and that's
a long long time. Mother said today
that you had pledged all the girls you
wanted, and that you were then very
busy on pledging. Go to it - but don't for-
get to write now and again. - mostly
now then again.

2 when I wrote to mother a short time
ago I asked her what she wanted to do
as soon as Eva graduates. She answers
today that her plans are not definite, but
just now it seems that Eva is so wrap-
ped up in Ed (Take that as you please!) that
she will not want to leave Nevada, but
will teach. In that case mother will go
with Eva, and then Snealsy. don't you sup-
pose we could just possibly - well figure it
out for yourself. ~~when~~ If Eva waits

for Ed, and mother stays with her a
year or two, then can't we assume our
problem nearly solved. we will have been
married nearly two years then, and perhaps
will enjoy a grand mother in the family.

The big problem is the cash right
now, and just as I need some clothes.
I'm trying to save tho', because now
I'm sure that our time is coming awful
soon. wish I had that \$300

I carried the letter I wrote last night
nearly all day. you should get two with
this. you'll be glad to get 'em any how -

So's right, my little sweetheart, - please don't
work too hard for 11¢, and start to get
ready for us. Hugs and kisses a
million
