'Nocker wedding. Mary  
& Painter were married last  
night & left for Jonopah,  
where he is the assistant  
to Thomas of the Rescue Club  
(maybe that's right.) → 'Twas  
a sudden affair, but they  
expected to be married  
in Oct. anyway.

Helen is leaving tonight.  
Gosh! She says she'll  
write every day whether  
I will or not.

Mary Peitt just called up  
& invited me to dinner  
Sat. evening. Betcha I'm  
a join'!

There was excitement this  
noon when a package came  
to me from M. It had stuff  
to be embroidered. Lottie  
sighed & asked, "When you  
going to do it - all?"  
I told her if I went to Montana  
I'd distribute them among  
my relations, cause they're  
snowed in all winter &  
lots of time to embroider.  
Lottie says, "Yes, they'd be  
snowed in all right then  
when you arrive."

I don't wanta live in Texas! Seattle is great!!  
 That's an awful jump from S. A. to Seattle, but while we're jumping, let's do it good + not land in Tex.

Mr. Fleming was telling me today about a fraudulent claim Ole Johnson has somewhere around Elko. It's just a part of a scheme in a big land co. Mr. Fleming said if he wasn't scared out pretty soon, I could go to Carson to visit him for they surely are pulling the nets about him. Who'd think it of Ole! Some of Father Mack's traits have rubbed off on him all ready.

Goodbye dearie kid.  
Did yeh hear that sigh?  
It was enough to knock  
yee over, so 'twas! But  
it's sending to yee the biggest  
loving on record.
