Friday night.

My Honey
just been to see "The Only Girl" -
in quotes not underlined, and it's a
screen. Really the best musical comedy
I've seen in years. It's simple, and
the music is great. The comedy too is
bright and clean. Al and I went and
concur in this verdict.

Got four more letters from N.Y.C.
today — Huzzah!!! - (ditto.) The pictures
from Bardonia truly made me homesick -
I want to be there too. Will
Doc Sweet be so attentive now that
you've told a lot of things? Hope
he'll still be interested enough to take
you out occasionally.

can't write an awful lot tonight
'cause it's late. I have to tell you good-
night tho', Sweetheart, and I'm doing it
with all the fire that a letter can carry.
It's just one long goodnight, and there's a hug
and a kiss too.
