Miss Ruth Pyle,

Reno,
Nevada.

Monday Eve.

Refurbish Love -

'Twas hot today - but withal
a wonderful day to be outside. Looks
like a steady diet of rain for
Sundays and holidays, with nice
days all week.

This town is war crazy with
all the militia waiting to go to the
front. A bunch left I sawing down
a suburb - today. They create lots
of excitement.

Read of Pink's marriage in
the paper today. Well now if all
those youngsters can make a go of
it, why not we. I guess it'll take
a heap to hold us, long about next
June.

Goin' to bed early tonight 'cause
I have to study Spanish in the
morning. Good night and a mine of
love and kisses to ye. x x x Lover Love x x x
