Saturday night.

Suesky Love.

Just a hurry up note - 'cause I've
got a date with a woman tonight.

I find that I've a dozen social
obligations to discharge - tough!!!

It's Dorothy Greyloan tonight to the
show and then a whole bunch to
the Jitney Dances

all week. I've been home - 'cept
only one evening - and most of the
time has been last week all over
again. So help me, Suesky, I just
can't forget that wonderful play time
and you - more wonderful than ever.
you had me awful scared for a time -
but now oh my!!!

we got our tracks all fixed
today, and I'm promising myself
a sure enough track team.

So - night, my own love, tomorrow
maybe I'll have time to write a real letter.
Love you x x x x x
