Saturday afternoon.

my dearest Rufie Ann Dat,

Sure I got two letters today and one was for Sheehy's benefit. Gosh I haven't the heart to show it to him and I want. It wouldn't satisfy my conscience to show your letter to someone else. there's something too sacred about them.

The bunch of minies came in~~t~~ today, and I'm amu^sing myself playing with them. Sharley and Inris are coming up to dinner. Sharley said ~~to~~ that you had given him a lot of kisses to give me. I wouldn't receive them

because I was sure you had.
not been eating onions when
you delivered them.

People seemed to like
"Molly Brannigan" last night
and insisted on more; so
I gave 'em "Somebody - Sometime."
I can't blame them for
liking that, 'cause I sang
it to them like I knew
what every word meant - and
I did. -

Had a little track meet
this A. M. and right away
I feel a lot better over
the prospects. ^{- oh, no, Six -} Five weeks
more - uw. la - la.

Tonight a party for the
Airdome is arranged. Some per-
sons seem to take thro

conspiracy against you and
Dorothy Ferguson seriously, and
a couple have troubled to
'phone why I haven't invited
Dor. I let 'em know ~~that~~
~~that~~ I don't intend any
harmless attention of mine
seem like attachment, for
I have other purposes in
my mind. Tonight it's Carol
Whelan - a person that ~~an~~
the most jealous wife would
approve as a stenog. I know
it's little you care for
all that.

So tonight you take Bob
to the $\Delta \Delta \Delta$ Leap year
dance? I'll bet you wish
it were ~~no~~ ~~no~~ you are to
take, so you could show
me just exactly how a girl
