c/o Mrs. Hanson,

Sunday the Ninth

Dear Ruth

I have your kind answer
of empty days ago and I suppose
you think I am an ingrate and all
those things - but like Postum "There
a Reason", comme en francaise "une raison
d'etre" viz. Tom was somewhere on his
way to Reno and being as he is
raising a smudge like Boardman he might
be tough and beat me up - anyhow I
don't want any more letters of mine to
have lead on klections like out.

consequently as being that I think
the time is ripe to come out of hiding - I
chirpeth like little Eva "Kids I'm here."

The prime reason for my silence is extreme
business. I have finished and published one
105 page book on the Care and Operation of
the Caterpillar "75" and yester eve finished the
manuscript on the "45" hence the business
of being flea as a bird

Thanks for Kid Murray's name - (not for the
sound of the name because the poor kid can't help it)
Edwin - its one of those loose names and the
possessor is apt to be mushy in his affairs of
the heart. Oh yes - you know don't yuh.

The time of my departure from this fair city has been set for sometime after Aug. 10 then Sept. 10th. So I am still look as acher. Anyhow the respite of 30 days has enabled me to finish all my educational work with Holt and I have offered up indeed to the ever present red tape system, in huge gob for the opportunity. Now if I quit them at the end of the war I can go with good grace to the Standard Oil Co.

Saw Ray Cruz, City, Bub Bender, Bobby Donovan, Pete Stewart and others. Met and Jimmy when in S.F. three weeks ago. Talked war - love - religion & politics with all of them. Last Sunday I went to Napa to see the Invire, another of my adopted families.

Lyrrington is very silent and very reserved
so I guess that I will have to get me a
wife in Grand or other place. Poor Ruth you
listen to this too much - but you are these
S and P's grandmother so you must
stand it. Don't know how Bill came
out but fear ? ? ? ?

Will a chicken dinner be threatening to be
put on the table so must cease firing
