Haverhill

Mass.

Sunday Aft.

My darling sweetheart -

I want to announce to
the world that I just have
completed the term theme,
so long past due. The feeling
is glorious to have it done -
just the same!

Don, no one would compare
in happiness if I could
but send you something every
week. The way you can thank
a person is beyond all
wonders, and yet you feel
you aren't telling a part
of you. Bless your old heart.

you are - and I caught you all!
Now would I surrender a little
tiny particle of you - cause it's
all wonderful!

I shall never forget how you ^{thanked}
me for the pillow I made me Xmas.
for you - the chief thing of that was
the nice big hug. - Gosh! I'd
have worked until my eyes dropped
out just for an excuse for another.
I'd do the same thing now too
Dommie, only I ain't scared no more
cause if you ~~don't~~ ^{didn't} love me enough
I'd up & yell. "I never knew what
love could do till your love met with

mine; I never knew what lips could
do till your lips met with mine".
But thru that "window" what I
want to see most is You !!!!! x x x

Bob was telling me of the Xmas. card
he sent you about the fellows not
caring whether they got $\leq AE$ or not.
He figured Convention 50-50, and
he didn't want that any bunch would
make you feel like the bottom had
dropped out of things. Goody - instead
it has made you feel a part of
your strength in the winning game.
That's what I hoped it would do cause
my lover is there all the time!

Bob & I had a real good time at
nortons. It was an entirely new
bunch - & it was good for us.
(Don't we just cling to the old bunch
tho, and isn't it marvelous that
feeling of a bond of good fellowship
and understanding!) after Herb
said & I had danced together, whispers
went the rounds as to whether we were
bro. & sister. I wish he'd please remember
when I buy my next shoes.

Last night was the best at Evans'!
& sis feel so happy and full of pep
in everything - & I dodged work like
the dickens too cause everybody danced
so well & the walt was all rosy & I couldn't

steps out! Bob, Tillie, Carl & I went together. Tillie staid all night with me & caught the 7:55 train this morning for Galeonda. All I did was to phone about the train & phone Bob out of bed, and when Tillie left it was easy one hand for a sleep. Got to Evans at about 10:45, and we cleaned house until 1:30. Some stuff was left from last night which we absorbed after the plaving was done. The more one works in homes the prettier they are.

Yesterday aft. Mr. Campbell was talking to a bunch of fellows when I passed. He

excused himself to talk to me about
you honey lover. He ~~of~~ began thus--a--
way, "I met a very good friend of yours
in Boston" - "I heard you did" (register
Ruthie all rosy red) - "And," he said
in the happiest and most interested,
vital way, "he's making good!!"

I guess he knew he had given me
happy food for thought so he asked me
to come up & see him some time soon
"And I'll tell you all about it".

Isn't he the dearest dear and the
bestest boss we ever had !!

Last night's paper in big head
lines announced that Pres. Hendrick
was out of the University. The three new
regents voted against him, Dr. Sullivan
& O'Brien voting for him. This morning's
paper said the regents have given him
a leave of absence until May on
full pay, & Vice Pres. Levers will be
acting Pres. That pot up there has
been stewing & boiling ever since Dr.
Stubbs died. This makes me gladder'n
ever I'm about there. Again I
pick up the old worry of my job
and hope they'll drag it out on
the same pay for 5 mos. longer.
