Thurs. morn.

Sweetheart o' mine !

Just 24 hrs. ago I was writing you when Prof. Hotten beaved into sight. I want to just grab you and make you forget my naughty negligence for 3 days. — Believe me — you'd never think another thing about it in the wild loving you'd get. Scant?

Dommie — please join that Club what puts on a play! And won't you ever forget that letter I wrote — I want ~~too~~. You will join that Club, won't you! Swady!!!

I haven't been able to see Mr. Campbell because of the water troubles. He's getting an extra huge dose this winter. But Ed Super heard some reports of you from Mr. Campbell, which ran thusly — Daniels thought there was something wrong about you because you had too many people pulling for you. He's been in the business of raising boys & he wanted a look at you. He told Mr. Campbell if he had any more fellows like

Don Walker to send 'em on to him + that
he needn't write about 'em first. They
all give back the word that you're making
good. * Bless your ole heart! * * *

Monday night we had the big party
for Delta Rho at Mrs. Laymans. It was a
huge success in every way too - and the
pledges pulled some mighty ~~el~~ clever stunts.

Tuesday - I told you about - only I
didn't have dinner at August's 'cause his
mother wasn't well. We went over to
his house about 8 o'clock for an hour.
Some mention was made about how
I'd grown up in Reno, and August
said he could take me back several
years. So we all went up to his
room — (now is 4 o'clock + I'm due
down town - I'm in the library now) —
and on his bedpost hung a hair ribbon
which was mine years + years ago. And
he said it was always going to stay there!
But he's not romantic with me, Donnie,
'cause he knows I'm heart & soul for
mine lover Don. Fact is he said he'd
heard more'n one person say they liked
to ask me about Don to see my eyes
speak first. Ugh!
