Dear Kid -

The "William E. How" of
Haverhill can't put it over
on the "Hill Smith & Co" of
Boston. Why? cause it
isn't the kind of paper
you use - it's what
you put on it. However
the letter which greeted me
today put "Wm E How" all
to the good - that's
what your letter did for
me. I went forth beaming
all afternoon. Folks
put that to the credit of

my disposition! But Dominic's letters are the real cause - they're what put the proper taste to life and the joy for the future.

I found "Keopie" down town what just expressed my valentine message to you - and straightway he comes to whisper it to you - oh sweetheart!

Monday night is the Minneapolis Symphony Orchestra at the Majestic. Rufus can't get away that night, but he gave me his two tickets.

He asked me to hold off asking a girl until Mon. aft. Then he ~~see~~ will know if he can get off. He's a mighty thoughtful kid - and I'm glad he knows what a treat it is to hear good music.

Lover, surely you never can wonder for a moment if my interest is wanting. I know the threads of time I grab sometimes can't convey the depth of love that's here for you. But it's all here, sweetheart mine, altho it takes

the "silent partner" sometimes.
But I'm gonna talk a lot more
and let other sheep hunt
around.

Here goes my chance to mail
this, so here's my love
and hugs and kisses
ten million times over.

Your ownliest
