TO WHOM IT MAY CONCERN:

This is to certify that Miss Ruth Pyle was in attendance at this school for several months during the Spring and Summer of 1910, and completed the regular course of study in the Shorthand and Typewriting Department, and we deem her thoroughly capable to teach Gregg Shorthand and Typewriting, as well as English.

Miss Pyle has also had actual experience in office work, having gone direct from school into a business office, as stenographer, and we recommend her as being well equipped to give instruction in the above subjects.

Respectfully,

HEALD'S BUSINESS COLLEGE,

J. W. Butcher Mgr.
