Easter Eve -

My Sweet Wife,

Here are some of the "surprises" that I want you to have now so you can tell me if they are O.K. Don't want to bring home something that will be useless.

I'm glad these fellows can come to see you, because you'll know how well and comfortable I am. They'll be patient with your questions too, so shoot 'em fort.

This letter isn't what I want to write. Seems I can't get to writing tonight - a bit tired don't you know, but you'll know the big amount of love that is here, and the big wish that I even might deliver these myself. I'll come soon - sure enough. Good night

Sweetheart - x x x Lover, Don x x x

P.S. Ooo bad there can't get to you for tomorrow for a parade on 5th ave.
