Sunday night -

Mother, my Dear & Sir
Just before the battle
Mother - and all that. To-
morrow morning early I leave
for Ft. Leavenworth by trolley
to report for I don't know
what. Several fellows from
the Presidio, commissioned
when I was, are also at the
hotel and they know no more
than I.

Ruth and I have had
quite some honeymoon. The
day in Reno I then those
happy ones with you in
Elko were the best. Several
times we have agreed together
on how great it was to be

with you there.

Our train was late into Denver and we missed connections having to stay over from 3.30 till 9.15. We took a rubber neck trip through the city, and got a good look at it. It is truly a beautiful place - and has some wonderful parks and museums. I believe it is the most public spirited place I've ever seen. We had a great old steak there too.

Sat into K.C. this evening about 8 hours behind schedule but in time to report O.K. Tom Ramsay has been with us constantly

and made an excellent
traveling companion.

Can't tell you where
to write to us, but to-
morrow we will locate
somewhere and you can
write then.

Awful sleepy tonight
and it's 10.30. Here's for
a grand snooze, and a
big day tomorrow.

Lots of love from both
of us -

Tom & Ruth -
