Hello everybody -

I'm writing an awful
lot of mighty short letters
lately. But I seem that
everything happens along so
fast that had time comes
before a fellow knows it.
Then too the way we
are fixed now there
isn't a great deal to
be said. ~~Old~~ Old Fritz
watches this Division
very closely for it is a
famous one to him as
well as to Americans.
and if we should
write a whole string

of stuff about being in a
lively sector - or a very quiet
sector - or in rest - or travel-
ing he might get a bunch
as to what is going on - and
in these days there is
a lot going on.

Today I met one of the
fellows who came from
S.F. with us. He is in
an outfit that builds
lines way back of the
lines and, of course, asked
many questions of how we
do the job. See I'd hate to
have to get my experience
second hand. It would take
a heap of money to buy my
experience and here if money
could buy such things

were I been very fortunate
in the matter of swimming
holes lately - and just now
have the best yet. a clear
pool - some forty feet across -
twenty feet deep, and with a
wonderful spring board
attached there to. See I'd never
be of any use

when I don't have to
reach away to do it.
my mother has failed me
and she has my interest
all day to get it to you.
It must be right but still
I wish most American right.
It's not in early on it.

Journal

There I go to bed - it's

late - and I'm not even

me say to sleep regularly -

Good night to you all - and

a happy day see you soon
