SOUTHERN PACIFIC

Wed. 5:01 clock.
Sneaky Mine. Sumner?

The Owl won't fly for
twenty minutes yet so I
may get this letter off to
my sweetheart.

This has been one hectic
day. I chased doctors all
over the hospital and
didn't get my application
through after all. But I've
arranged so that Saturday
morning I can do something,
and perhaps by Monday
night be ready to fly. I've
kinda tried tonight.

who did I see? Oh well
the fleet as she lay at
anchor - Bert, of course,
and Bert had just come
in after four days in
Reno. Don't it beat the
sense. Saw Bill Duddison
on the street for a few
minutes, and Capt. French
who was one of the twenty
and who landed a few
weeks ago.

Got paid - 211.77 - but
after inquiring I've found
that we can make money
(5% on \$150 to be exact) by
not handling it thro' the
P.O. or the telegraph. So
tomorrow I'm going to ~~make~~

get a m.o. for \$150 - payable
to you in New York. Then
you draw a check for \$150, and
mail the m.o. to your bank
after endorsing it. You'll stand
for drawing some coin on that
basis won't you kiddie.

Lovesome - Dad! Last night
was a nightmare - all to-
day I've rushed so much I'm
going M.R. this way M.R.
and now I sit down wishing
for you. It's too much like
hard work ~~or~~ traveling around
without you. Don't we have
the best times together.

I'm enclosing a telegram
from Roberts, wired him to
rent the house from Sept. 15th.
If we don't like it we can
change. What he wants is some
definite word, I know. There
was also a letter from Huntington
which I'll keep for you - ~~at~~
my membership card in the
Soc. Society and some magazines.

I hope Dad kisses you.
So long Sweetheart - I can
mail this before we start and
see some time - you'll hear
again soon
