Sweetheart:-

Last night a few of us hung around Herb Kimball's house after Fortnightly so long that I just had to pile in bed without talking awhile to you. This morning I had to be at the High School at 8 to talk at chapel. It's late tonight and I catch the 6.56 for Pawtucket - but I just must say a few things.

Election today was a walkaway for McFee, Martin, & Lewis with Everett Bradley and Dan Hunt on the School committee. Everyone (except I flanders people) are hilarious - It's the best thing that ever happened in this city. Nearly 16,000 votes were cast - a truly enormous vote.

At the Legion election tonight Bill Bell beat Dan Smith for Jr. Vice Commander. I'm glad to see Bill get in like that. It will help him a lot.

Got your wire this morning and I'm awfully pleased that Mather is better - please tell her how we're praying and wishing for her recovery. What a comfort you must be to her and your Father. I'm anxious for a letter from home to get some real explicit information. You know we've had only telegrams so far.

Ma will be here for Sunday dinner she says, and she will ease things up a lot. She hasn't said definitely when it will be, but she's

coming this week.

Dr. and Mrs. Pitches asked to be remembered to you today, and everyone asks how you are getting along.

Alice Bradley is now in Boston to be next her doctor as the second born is expected any time now.

Mrs. Bell minded the kids while mother voted today, and Barbara and Betty were having such a good time that Barbara staid all afternoon. They played together beautifully.

Betty and Ann are fine - just the best and happiest kids you ever saw - But they want their mamma.

And so does Daddy want mamma back - oh an awful lot - Cause he's missing her lots. Ah - when you come - oh my - what a loving you'll get - You just watch out. Good night Kiddie mine - I'm off to bed to think and think of you - I'm loving you lots and wanting to deliver this kiss in person - I've kissed the kids for you too.
