HAVERHILL MASSACHUSETTS

Friday night.

My own Sneezy:-

Just finished a rehearsal
for the minstrel show and
as I'm walking home I can
mail this on my way.

Got a peach of a letter from
you today written last Sunday
and I feel so happy that
the last part of your journey
was pleasant without any
undue worry. I can hardly
wait till I hear how you
found things at home. You
know we haven't much more
information than you had
when you left.

was in Boston most of
the day working on the logie.

It's all passed now and only now
is the ~~future~~ ^{future} firming up. In the days it
was the history - and it looks pretty
good for next year too. I hope we
can make it.

Here's a card - sent to be made to
you - secret - meant to be sent to
Degree program in case you get out
here. History very definite, yet but
if of course it will be in Jan. or
Feb. I told her about the man
and of course that complete

matter. Ralph Anderson suggests
that we start a "Boeing Boyer" ^{there}
you any thing to enter next year?

His arrival tomorrow morning
and what I learn tomorrow after
thinking of it. He will help, but
a great deal. Some things for next
month of a comfort to my mother
also. I try to make up for it.
and Boeing is as excited as water.
I asked that theory what John says
and after all, these months the
answered "Oh Betty, in coming
down there." Can you get more beautiful
Betty and her son - secret

every day. But I am - you know
thing that will happen. (2) Her
we thinking about her secret. The world -
preparation take my word for it.

Tomorrow I attend my
first Guild meeting, and I
think I'm going to like it
a lot. You ~~the~~ know they
are a hide bound lot of
new Englanders but on the
whole I fancy they're a pretty
good crowd.

now it's time to trundle
on home and snuggle into a
lonely bed to dream of my
sweetheart. and I'm praying
that everything goes well with
you and that you can come
home soon. It isn't any
fun being separated is it?
Especially when if we were
together only two days after
the vacation. loving you a lot and
here's a little of kisses from us all.
