# SEEKS PROTECTION FOR HAVERHILL'S BOYS AND GIRLS

## Rotary Club Committee Asks Reserved Area for Coasting

---

The Rotary club safety committee, consisting of Dr. Constantine Popoff, chairman, Tom P. Walker and Ralph D. Hood, which was appointed to work with the city council in regard to the laying out of certain streets of the city for coasting purposes under proper police supervision, was informed by the city authorities that they were reluctant to take such action owing to the fact that the city would lay itself open to liability for any accidents that might occur upon streets under such supervision.

The committee, having knowledge of the fact that the project is carried through in neighboring cities with success, is planning to communicate with the police in those cities to determine under what procedure the plan is put through in an effort to instal the same system in Haverhill. The idea as planned is to reserve certain streets for coasting purposes during certain hours of the day, roping them off from all motor traffic and placing the coasting under police supervision.

Sunday night.

Sweet Sneaky; Eva and I have just come from seeing the Chesley boy, and his some boy. Husky and good looking - and the can cry too. We had a nice visit with Ed and Peg - and later Marion Chesley and Ned Casey came in. While we were gone ~~Ed~~ Ruth West called up and wanted to be remembered. Everyone asks for you and sends love.

Last night Edith put on quite a bridge party. Dr. & Mrs. Laskey, Mr & Mrs - Schell, Goodwin, Milne, with Eva and me. Ed & Peg were invited but Peg had a toothache and couldn't come. Eva won a baby prize which is a tin ham ~~which~~

to be used on the Xmas tree. By the way, the tree is out in the garage now - and it will stay there till we know you are coming.

Your right letter yesterday was the most mysterious thing. Here I had sent one the night before, and the answer came before mine could have been delivered. Yours must have been an answer to my letters about not hearing from you. Yesterday with your telegram came the note you wrote enclosing Bert's letter - that was written on Saturday and the only other letter we've got was written on the Monday previous. Didn't you write in between? Why we don't know a darned thing about what's going on back there. Sure hope they get straightened out. Your right letter tho' made us all feel better because it brought late news. Thanks a lot sweetheart. !!

Yesterday Santa sent Betty a sleigh - cost \$2.50 and she is wild about it. There is about five inches of snow. Bill Bell, Esther, Eva and I went skiing yesterday afternoon and took Barbara and Betty with their sleighs. What a time they had - and we too. Sis is getting good on skis and I am getting a long better

all the time too - gee it's  
lots of fun. Betty had to  
ski too - sleighing was too  
tame.

I'm in a show - Green  
Stockings for the College Club -  
leading man. So that all right!  
Mrs. Joe. Eno seemed very insistent  
about it - and as they are going  
to rush it off by Jan. 17 I  
figured I could give the time.  
Had our first meeting this morning.  
I won't tell you about it 'cause  
you'll be here for it (?). I left  
knoos at 11.30 walked to the  
office - to the works - and then  
back home via white's camel -  
all through the snow - some  
walk. After dinner I did a  
little on the preserve closet

(having bought some lumber yesterday) and then when it got too dark I shoveled snow. Now that is a pretty strenuous day isn't it? Feel fine tonight  
Lob.

Betty's all excited about the "glass" party. We're going to have a good time too I know, altho' most of our usual visitors are not coming, we'll have a good local crowd tho'. We're also figuring on taking the kids to the Pentecost Christmas tree next Wednesday.

I didn't tell you that Betty had to help me shovel snow this evening - I thought her how to make snowballs - and she patted me with them till her hands got so cold she cried to come in.

The girls at the office got together yesterday afternoon to make Xmas bags. They weren't all there and seemed somewhat discouraged so I brought 25 home and mother and Sis got them out in jig time. weren't they nice?

It's quarter of eleven and I want to read that play tonight so I'd better be a going. Care? I'll be a thinking of you tho' - and just like Betty I'll dream of "mama" - and I'll wish she comes home "pretty soon" and bring "parting elms". You'll come as soon as you can, won't you? - and you know when you come there's a wonderful welcome

waiting for you - from us all - but most especially from your Fours row.

I'm wondering if this will be your merry Christmas letter. We haven't sent the parents yet. But we're wishing you all the merriest Xmas possible - and hoping that your mother continues to improve. And there's hugs and kisses waiting at home for you - just begging to get to you. and they're not all from Betty and Ann either 'cause some are from me -   
 me - Sall right?
