TRANSCONTINENTAL GAS PIPE LINE CORPORATION
3100 TRAVIS STREET HOUSTON 6, TEXAS

OFFICE OF THE PRESIDENT

Sun. aft. Aug. 16.

Sweet Rusie,
Just back from an
hour's walk - a shower
and now waiting till
six (45 min.) when the
Burtons will take me
to the C.C. for dinner.
I'll be hungry too - haven't
had anything since break-
fast in my room about
8.30.

Went to church at
Trinity this morning -
it was crowded and a
very nice service - with
good response from the
congregation. I liked the
sermon too by the as-
sociate rector, Mr Knapp,

whom the Calhouns know, is on vacation. I didn't stay for the hospitality hour but they had one - in the middle of a Houston summer - imagine!!

The hotel is full of Greeks - the national convention of AHEPA. More chattering and well fed women, and they're here in hordes - can't imagine where they're being tucked. They'll be here all week too, so I hope I can get away. And it still looks as though

I will - Tues. afternoon to arrive in washing about 10.30. If you could leave N.Y. on the 5.30 or even the 6.30 wed arrive about the same time. Will stay at the Shoreham and come back here Thurs. or Fri. I've forgotten how that fits in with Sue, or if you have other commitments. However I'll call you Mon. evening (probably before you get this)

How about bringing my stereo and light meter. I'd like to see those new pictures too. we can get a viewer too. Oh yes bring the movie too - there's to be a

big doings at the pool soon.
I'd like an extra pair of T.J's.
and about a half dozen khfs.
and my ties are getting a bit
tired too - (Have you got that
trunk cleaned out yet?)

Have I showed you this
stationery yet?

Still hot and dry here, but
I've enjoyed these walks as
a release from the monotony
of air conditioning. But we
must have " " in whatever
place we select.

A'long Sweetie see you soon I.T.
