Dear Pop,

Am following your Example and sending a letter by Special Courier - Know That you will be especially glad to see This courier too since it has been a long time since she left you for Reno -

Certainly did enjoy our visits together in New York - That was a real good arrangement, and I'm sure That we probably were together more There than we would have been in Houston Even -

We are enclosing These pictures That were taken Easter as a very special surprise for you. We think That they turned out pretty well - Also This

special courier is returning your 3D
Kodachromes to you (at long last, you are
probably saying by now) - Am sure that
they are getting extra special care in
transit - Such quality service could
never be provided by the mails!

We really have enjoyed Mimi's
visit - She and Lyn have become extra
special buddies & we just hope the
shock of Mimi's departure today will
not be too great - Jim continues
to grow like everything - in fact it
almost takes 2 grown ups to change
him at times that he feels he should
be squirming around - We are just
about ready to leave for Salt Lake City so will close -
Thanks again for such a good visit together in
New York - Hope the hearings are going OK & will be over
soon - Glad you had a real good Birthday - Jim said to come spend Father's
Day with him - Planes fly here too.
