Dear family -
Now it's 4.30 I'm
finished my day and
leave on a 7 o'clock plane
for Washington. I had
a good session with the
Public Service Commission
today and think we'll
get some help on our
Term. fight. Met a fine
reception in Columbus
yesterday but they just
can't find a way to help
us at the moment.

I have a half hour
layover in N.Y. tonight
so will call the Brownies
and tell them about Jim's
and my visit on Saturday
or have they heard about

it already?

The hearing starts again tomorrow morning but Lem. has put in some amended figures which will ask more time to study - we hope to get another recess for a week or ten days.

Talked to George Clifford a few minutes ago. He said Doc, Ward, and Bob Hanger are in N.Y. - leaving tomorrow for home. Also told me that Irene left this noon for California where a good friend is seriously ill. I told him I'd be in N.Y. Saturday and he asked immediately if Ruth would be there too. I told him she had gone to Reno.

also talked to the office this morning. Margaret Browne's mother

died in Bandiera last
night so still. He there.
So he buried in Mount-
gomery. Jim hadn't re-
ported in to the office
as yet.

In a couple of hours
mother and her favorite
daughter will be in
each others arms. Wish
I could be there too -
But you'll have fun -
Be sure and make the
most of it.

My love to all of you -
