Dear Family:
Here's a short report
on our exciting activities.
Jim showed up yesterday
morning while I was at
the 8 o'clock at St. Bartho-
lemy's. was finished
with his shower when
I got back. after break-
fast we lit out for M.
Park arriving about 11.
where the whole family
met us at the train. Aida
had a lovely dinner for
us and the children
pummelled us good, but

we liked it a lot. The pictures
Jim brought are good, and we
ate them up. I'm sending them
on to the gaiters tonight (after
lifting one out for my wallet).
The Browns have tail ends of
colds but that doesn't seem to
dampen their spirits. Jim and
I got back to N. Y. about 8 in
a heavy rain. Jim went to
see Eddie and Lois and I came
to the hotel where Jim joined
me about 10. He got up at 5
this morning to meet Bernice
who drove to Phila. for the
meeting. They may go to Atlantic
City tonight and Jim will be
back here wed. night then off
to S. L. C. Thurs. That's when I
go back to Wash. Fri. evening
I leave Wash. for Houston and
our meetings. I should be back
in Wash. about Thurs. or Fri.
the 22 + 23.

Saw Maurice Thompson on
the street today - He said
Dick and Lillian West will
be in Houston about that
time. Sorry I won't see them!
The twin preach is here with
some of our operating people so
it will take us to Hartford
in the morning. I'll see Gene

Faughlin and give him mother's
love.

Harry Carroll died last week.
would have dinner with Jazzy
and Bea Tues. night. The Valer
times will be there too. Satur-
day night I had dinner and a
lovely satisfactory visit with
George Clifford after a good
workout at the club. Or did
I tell you about that already?

Jim seems fine after his
long journeyings. I am too -
we sure had a nice weekend
together. See you - and all my
love.
