IN FLIGHT—EASTERN AIR LINES

Friday evening.
4/16/54

Dear Family:

Did I tell you I had cousin's blow by blow letter at the shore-ham? Enjoyed it much. Hope there are some more at the warwick when I get there tonight. Have just left Charlotte for Atlanta. This flight is a puddle jumper. Still have New Orleans to negotiate before we take off for Houston.

The gang gathered today in Wash. for a check up, and things seem pretty swell on the track. Jim Henderson and I will come back up here Tues. or Wed. next week, after our annual meeting. Can't tell yet when we'll be in Houston for any kind of stay, so you

make any plans you wish
now.

Jim must have reached
you this a.m. and got all caught
up on our nice visit. I enjoyed
it thoroughly. He tried mightily
hard to blackjack me into
a trip to see my newest
grandson. Right appealing too.

Everyone and his brother
wants home for Easter so it
was no cinch to get a space on
this space ship. It took a little
palitiking but saved me a wait
over till morning.

Well I sure hope you all
have a happy Easter - bunnies
rabbits and all. I've had many
compliments on my Easter tree
and my birthday present is a
honey. Jim carrying home one
from the Browns. I
all my love - let me know
when little Jim asks for me - I'll come
Pap ☺☺☺☺
