Ruthie Sweet.

Clyde, Jim, Hugh Duck and I initiated our new membership at Houston CC this morning and had a barrel of fun. It's the first time we have unwound for some-time and it did us a world of good. Both the Ventura and Twin Beach are going to wash. Tomorrow we have an even ton - yes

2,000 lbs- of exhibits and five or six passengers. The twin comes right back so it can take another mess of papers up by next Friday. We are moving all the forests to wash. Jim went up today after our game. Clyde and I with some others

including Loretta Raeler, go
in the Ventura tomorrow.

Next week things will warm
up good. I think we are well
prepared too.

Did I write you that Tom
Pallock wants me to report on
Rev. Clements of St. Marks
Houston for Ascension? I'll
have to wait till I come
back because Clements is
out of town.

There should be a flock
of letters from you at the
Shoreham - can't wait till
I see them. There have been
none here. Everything's real
quiet because people think
I'm away.

If you get home before I
do be sure to call Gen. Cudell
and ease his joint. If he'll
fully air condition the place
and do some other things
like put in a shower or two

and some electrical outlets I'd
be in favor of signing up
for no more than \$500 per mo.
If there is a good chance a
smaller one, would come in
soon I'd be for that. But other-
wise I'm for one of those
\$50,000 houses - so go to it
while I'm gone. a rough
guess when we'll get back
is about May 10 but don't
hold me to that either plus
or minus. you have your visits
out regardless.

I can almost hear ~~the~~ the
yab-yabity here. Have fun all
you fine folk - and bring back
all the news - Love a lot
