POST OFFICE BOX 296
HOUSTON 1, TEXAS

May 8, 1954.

Dear Family.

we got in last night about
9.30 Houston time - 11.30 Wash.
and I had a good time reading
mommas mail - Mary - Lillian
Galucci - the Gaithers etc. etc.
won't send them because you'll
be home soon. Couldn't sleep
beyond six so was here at
the office real early to find
two birthday ties! Pretty too!
Jim must have taken inventory
of my tie supply. Yours is sure
gay. It's nice you think of
your old grandpa as such a young
blade. Mother better come home
soon - I might get ideas!

Have just talked to Mr. Kury
at the Montrose. The apartment
is taken by a Col. Anderson.
He'll move in next week. So
no more to think about there.

When I got in last evening I found Tom Reed had been asking for us. He, Mary, and Ruby Jr are at the hotel - Ruby Sr. at Methodist Hospital. She was operated upon Fri. and the news is very bad. I'll see her this afternoon and have Tom and the girls for dinner tonight. Tom's pretty badly used up.

We're leaving at two tomorrow afternoon (Sunday) to return to Wash. It's possible will be recessed sometime later next week possibly for two weeks. I want to spend one day in N.Y. but think I can do it while the hearings go on. Gardiner is on the stand Monday as a volunteer witness. We are all eager to hear his story. I'm still thinking I want

try to make Lake Placid but
have not actually checked out
yet.

Tomorrow I'll look over
Mr. Clements at St. Marks
for Tom Pollock.

How do you like my
birthday picture?

Margaret is here today help-
ing me get caught up. The
told me to tell you the package
from S. J. hasn't come yet.

You gamblers turn my
mama loose on Tuesday for
sure. She's needed at home
to darn socks - repair our
waist line - and other mat-
ters. Don't take the waist
line too seriously - I haven't
gained a pound.

I'm waiting for Jim's in-
vitation - I'll have looking in
on all of you - maybe one of these
days. You know you have all
my love - give Lynn a big hug
for grandpa then have her give

each of you including little
Jim a hug for me -
Pap. ~~(X)~~~~(X)~~~~(X)~~~~(X)~~

Thanks for the tie !!
