my Sweet Ruth -

Can't write ~~a~~ much, only
a word to enclose this
History I promised you. It's not
very much good - because it
was written in a great hurry -
but it tells most of the
places I've been, and the "shows"
we put on.

The hike today was a
long one and I'm tired since I
walked the whole distance. To-
morrow we go only eight kilo-
meters and then rest the
next day. We will then be
about 45 kilometers from
Cablety - only two days hike.
