(indicating it's many hours
between your letters ②! Nope,
they aren't cancelled kisses -
them are stars what any
legitimate machine makes,
so there!)

Why how-de-do old lover
Dum! so that you have
hangin' on for half a page?
Well "des kol' my hand"
and let's go from here!

Anyhow I got seven letters
today - and was pork enuf
to look for another. You
don't like me to keep harpen
on the same subject, do you?
Well - let me think, I think I've

said all I intended.

Erma Warren leaves tonight for her Uncle's & Aunt's — I think in Mass. — on that high-brow train. When Mrs. Dutton was visiting in Mass., these relations of Erma's called on her & asked about Erma. Mrs. Dutton gave Erma a good boost, — which'd be the easiest thing in the world to do, — & they immediately send for Erma. They have a wonderful home on the cliffs overlooking the Ocean — regular old English style — & just picture Erma in such surroundings! I wonder

if Earl stops to consider
 if he's safe. She'll sure
 make some hit. Say,
 Sonny, have you overlooked
 some rich relations who
 might send for you?
 Retain the thought!

Today the President
 called me — called me
 "Ruth" too he did — &
 asked what had become
 of our petition. He was
 mighty glad to hear of it
 and see, Sonny, I'm so
 happy, I could —————
 sing! I repeat!! Today a
 letter (confidential again)

from Mrs. Carney is the
best yet, and when she
gets so sure of this one
member, — it's goin' some!
She also said I had been
unanimously elected Pres.
of the Nevada Alpha of
Sigma Beta Phi by the
convention: that is, when
the chapter is installed
& she wanted to congratulate
me. All this red tape
goes too deep for me.
Oh, but isn't it just
wonderful, Lomnie??! I
want you here so much
next year. I'll feel like
a gooseberry in a pan of
milk!! — and I want you

5/

here!

a letter from Drey today
says she's going to room
with me at Asilomar!

Heaps glad - she's so full
of life! Oh, I like all
our APS, love 'em & it's
going to be fun working
with 'em all - 'cept one -
& I'm cheerful enough to
believe she can't do any
harm.

Mrs. Miller is ready to
go down town, so I got
to get this ready too.
It's far from ready too
cause my whole heart
hasn't got in with black

and white. But you
know how it is all
squeezed up + wasting
away, cause I want you
so much!! I'll look at
the moon so hard tonight.
I kiss yuh goodnight every
~~time~~ night + you're the first
what comes to my mind
even before I've had the
physical ambish to open
my eyes on the old Reno
world what let you slip
out, + made me adjust
myself. It takes time I
guess Tommy wheatheart.

X X X X X yours for keepsies
